

PINEWOOD CEMETERY

Pinewood Cemetery is located on 47th Ave. or Erwin Rd., just south of Sunset Rd. It is the oldest cemetery south of the Miami River and is also the oldest historical site in Coral Gables, having been a place of burial since the late 1890's. It is evident that the cemetery was in use earlier as human bones were found when foundations were dug for surrounding homes and in the roadbed of Erwin Rd. Names of all pioneers buried in the cemetery may never be known, but we do know of approximately 180. We welcome

all information about burials and pictures of grave markers and pictures of those buried there. The Pinewood Cemetery Restoration Board has an "Adopt a Pioneer" program wherein individuals, clubs, organizations, corporations, churches, scout troops, etc. can adopt a 20' x 20' plot, tend it, plant native plants & erect a monument, if desired. Our "Memorial & Honor Tree Program" enables trees to be planted in memory of or in honor of individuals.
